MEMORANDUM FOR: Assistant Deputy Director (Support)

SUBJECT : Manpower Survey

1. Attached are two responses to our memoranda to several Support offices on the thirteenth of November regarding the Manpower Survey.

2. With respect to the response from the Office of Logistics, I have checked this out against the Manpower Survey and the answer appears satisfactory and closes the issue out as far as the Office of Logistics is concerned.

3. I have discussed the response of the Office of Security with Bob [redacted] of the Personnel office and the problem, as evidenced in paragraph 7 of Security's response, has disappeared through [redacted] efforts to speed up placement actions and processing. No further action to this matter appears necessary. The remaining offices have not yet responded, and I plan to contact them today in order to get the reports in.
